

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and I was unable to sleep, had a constant sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nervine and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine."

Entered at the Seymour, Indiana, Postoffice as Second-class Matter.

THURSDAY, DECEMBER 9, 1897.

GOVERNOR TANNER has called the Illinois legislature together to pass a just apportionment act in place of the democratic gerrymander now in force.

In Johnson county some of the truancy officers have filed with the board of commissioners bills for horse and buggy hire in addition to their per diem of \$2 per day. It does not appear that the law provides for any allowance other than the \$2 for each day's services.

Now that it is settled that Miss Bradley is to break a bottle of genuine old Kentucky bourbon over the prow of the battleship, Kentucky, the controversy about it ought to stop. Who should break that bottle was a momentous question and our neighbors across the Ohio had a right to be exercised over it.

POLITICAL BREVITIES.

David Emig has been chosen county attorney by the commissioners of Bartholomew county.

The Board of State Charities will meet Friday to consider the applications to succeed Mr. Bicknell as secretary.

The democratic state committee has decided that the county organizations shall be perfected on or before January 8, 1898. They will elect their district committeemen January 18.

George S. Wilson was yesterday chosen Superintendent of the Institute for the Blind to succeed W. H. Glascock, resigned. Mr. Wilson has been superintendent of the Greenfield schools for seven years, succeeding Mr. Glascock then.

Mark Twain's New Story.

Mark Twain's new humorous story, which he is now writing in Vienna, is to go to The Ladies Home Journal, which magazine has also secured F. Mario Crawford's new story, a tale of the unreal, with the strikingly uncanny title of "The Dead Smile."

RAILROAD RUMBLINGS.

Eros Humphrey, of the B. & O. S. came up to the city last night from Washington.

It is expected that the B. & O. S. W. brick platform at the depot will be finished and rolled this evening.

J. H. Clough, traveling agent of the U. S. express was in the city from Vincennes today on business with C. C. Frey.

Engineer A. B. James, of the B. & O., west division, and wife moved today to Louisville and he will pull trains on the branch.

W. Ruddick and his force went this forenoon to Medora to put down two miles of crushed stone for the B. & O. S. W. about the depot there.

Consumption Positively Cured.

Mr. B. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair, was induced to try Dr. King's New Discovery and was cured by use of two bottles. For past three years has been attending to business and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for Coughs, Colds and Consumption. It don't fail. Trial bottles at W. F. Peter's drug store.

CASORIA.

Headache and Neuralgia cured by Dr. Miles' Pain Expeller. One cent a dose.

MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McELREE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZENA LEWIS, of Genaville, Texas, says: "I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

The Old, Old Story.

Now is the time to make your Christmas selections. You will observe by close attention to the columns of the REPUBLICAN that our merchants are calling attention to the good things which they have in store for you. By way of advice, it will be the smart merchant who drives away at the people for the next two weeks, who will have fewer goods to con over at stock-taking time. Tell the people what you have every day, and your store will be the rendezvous for shoppers. Lots of people do not know what you have until you tell them all about it in the REPUBLICAN.

ONLY TWO WERE GRANTED.

Thirty Applications For Parole Before the Prison Board of Control.

MICHIGAN CITY, Ind., Dec. 9.—The prison north board of control had 33 applications for parole before it yesterday, but only granted two. The prisoners released were Samuel Clemson, of Carroll county, convicted of incest and sentenced in 1891 to 10 years' imprisonment, the maximum penalty for which is five years. The prisoner had served six years, and the board paroled him because the court erred in excessive sentence. Charles Hunter, serving nine years for larceny, and quite ill with consumption, was also paroled. The board was inclined to grant other releases, but deferred final action until the reliability of the persons who had offered to give the prisoners employment could be inquired into.

FINE PIECE OF WORK.

Doctors Successful in Mending William Conway's Broken Neck.

CHILLICOTHE, O., Dec. 9.—A heroic operation has been performed upon William Conway, who, for the past month, has been completely paralyzed because of a dislocated neck. An attempt to press the vertebra back into place had proved futile, so the neck was cut open directly over the fifth cervical vertebra, and it was found to be fractured and resting upon the spinal cord. The bone was chiseled away until the spinal cord was exposed and all pressure removed. The incision was then closed and Conway rallied nicely. It is believed that he will now recover completely. The case is one of the most remarkable in local surgical annals.

Prominent Divine Dead.

NEW YORK, Dec. 9.—Rev. Dr. John Atkinson, pastor of the Methodist Episcopal church at Haverstraw, N. Y., is dead, aged 63. Mr. Wasmaker on Advertising.

"I never in my life used such a thing as a poster or dodger or hackbill. My plan for twenty years has been to buy so much space in a newspaper and fill it up as I wanted. I would not give an advertisement in a newspaper of five hundred circulation for five thousand dodgers or posters. If I wanted to sell cheap jewelry or run a gambling scheme I might use posters, but I would not insult a decent reading public with handbills. I deal directly with the publisher. I say to him: 'How long will you let me run a column of matter through your paper for \$10.00 or \$50.00, as the case may be. I let him do the figuring, and if I think he is not trying to take more than his share I give him the copy. I lay aside the profits on a particular line of goods for advertising purposes. At first I laid aside \$3,000; last year I laid aside and spent \$40,000. I have done better this year and shall increase that sum as the profits warrant it. I owe my success to newspapers, and to them I freely give a certain profit of my yearly business.'"

The postmaster with a half dozen carriers and clerks made up two fine chrysanthemum bouquets and started for the depot. When the train pulled in the beautiful posies were presented taking the engineer and conductor completely by surprise. They appreciated the recognition.

THE AMERICAN MONTHLY REVIEW OF REVIEWS

It is impossible to promise particular features that will appear in the "AMERICAN MONTHLY" during the coming year, for it is, as the Bookman says, "a great monthly newspaper." As such, it prints for its readers an illustrated account of the notable things which make the history of the month, of the political, the economic, and literary happenings which are of value to intelligent men and women. The Editor's "Progress of the World" tells succinctly an illustrated story of the month. The "Leading Articles"

"We know of no review published in this country or in Europe, which combines so successfully as the AMERICAN MONTHLY the alertness, timeliness, and energy of journalism with the sound judgment, carefully weighed opinion, exact knowledge, and well-chosen English of the purely literary periodical."—The Outlook.

give the best thought and information of the current magazines in five continents; the contributed articles furnish the character sketches of the man of the month, and give timely discussions by authorities on any question of immediate serious import.

The result of this comprehensive effort to edit in one monthly volume the information needed by intelligent people of "live" instincts is best gauged in the opinions which the readers of the AMERICAN MONTHLY have seen fit to express. These are thinking business men, clergymen, editors, lawyers, professors, engineers, the wide-awake women of America. They write that the AMERICAN MONTHLY "is indispensable"; "is simply invaluable"; "is a generous library in itself"; "is a historical cyclopedia of the world"; "the best means of aid for a busy man"; "the best periodical of the kind we have ever had"; "a triumph of editorial genius"; "the world under a field-glass," etc., etc.

A Welcome Visitor.

L. M. Cross, of Carmi, Ill., in sending his subscription to the Weekly REPUBLICAN says among other things: "I have become so attached to the REPUBLICAN that I fear I could not sleep good at night without it in my house to let me hear from my many friends in Jackson county where I was reared. I think that every republican should take his home paper. I shall expect my Seymour friend to make its appearance at the Carmi postoffice every week."

Two Pointed Questions Answered.

What is the use of making making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by C. W. Milhous.

How to Look Good.

Secure good health, and you will surely have good looks. "Electric Bitters" is a good alternative and tonic. Acts directly on the stomach, liver and kidneys. Purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at W. F. Peter's drug store. 50 cents per bottle.

SHE KILLED JEROME KERN.

Delilah Fales Confesses to Murdering the Father of Her Lover.

WAVERLY, Ia., Dec. 9.—Delilah Fales has confessed her share in the tragic death of Jerome Kern. The man was found dead in a lonely wood on Aug. 23 last, and the young woman now confesses that she fired the bullets that killed him.

She has been indicted, and, it is said, that her alleged accomplice before the fact, Kern, a son of the victim, will be indicted today.

When she was a mere child of 13 years, she charges that the elder Kern betrayed her and that ever after he harassed her with his attentions. More than that, he sought by blackening her reputation, she states, to keep others from paying court to her. Twice before she became attached to the murdered man's son, she had been in a fair way to become happily married, but as many times had Jerome Kern, she declares, poisoned her love against her.

At last when by the same method he sought to prevent his son from marrying her, the pentup hatred of years vented itself in the commission of the crime.

"I killed him with premeditation and deliberation," she said. "I prayed God to give me strength to do it with all the earnestness that I could command, as I have prayed Him for forgiveness. I have suffered no pang of conscience. On the contrary, a restful calm seemed to come into my life from the moment I knew he was dead. I never slept so well as I did the night after I fired those fatal shots."

KEPT HIS WORD.

Wealthy Kentuckian Disinherits His Daughter For Disobedience.

RICHMOND, Ky., Dec. 9.—Six years ago Miss Minnie Todd, daughter of B. Frank Todd, a wealthy farmer, living near here, eloped, much against her father's will, and married Peter M. Gentry, a neighbor's son. Instead of the usual blessing, her father sent her word that for her disobedience she should never have a cent of his property. Afterward, however, his heart softened and he forgave the couple. Mrs. Gentry became almost a daily visitor at her father's home. A few days ago the old man died, and when the will was probated yesterday it was found that Mrs. Gentry's name was omitted from the document, the property, amounting to something like \$30,000, being willed to the other four children completely disinheriting her.

FORGER FISHER.

Wanted at Cincinnati Has Arrived in New York From England.

NEW YORK, Dec. 9.—Charles Fisher, alias J. B. Ford, arrived here yesterday on board the steamer Teutonic from England. Fisher is in custody of a detective from Cincinnati, and is charged with forgery, by which he is alleged to have obtained a considerable sum of money from the Cincinnati Coffer company. He is also accused of having been one of a gang of letterbox robbers who have operated in most of the large cities of the United States.

Garfield Act Attacked.

COLUMBUS, O., Dec. 9.—A motion will be argued in the supreme court next Thursday for leave to file a petition in error in the decree declaring the office of probate judge of Adams county vacant, the lower court finding that the occupant, Judge Mason, had violated the Garfield corrupt practices act in offering improper inducements to voters to support him. This is the first case in which the validity of the new act has ever been attacked, and the decision of the court will be watched with interest.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, not sent free by mail. Mention the REPUBLICAN and send your address to Kilmer & Co., Binghamton, N. Y. Ten repetitions of this paper guarantee effectiveness of this offer.

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I have been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and annoy me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nerve and Nerve Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nerve."

THURSDAY, DECEMBER 9, 1897.

GOVERNOR TANNER has called the Illinois legislature together to pass a just apportionment act in place of the democratic gerrymander now in force.

In Johnson county some of the truancy officers have filed with the board of commissioners bills for horse and buggy hire in addition to their per diem of \$2 per day. It does not appear that the law provides for any allowance other than the \$2 for each day's services.

Now that it is settled that Miss Bradley is to break a bottle of genuine old Kentucky bourbon over the prow of the battleship, Kentucky, the controversy about it ought to stop. Who should break that bottle was a momentous question and our neighbors across the Ohio had a right to be exercised over it.

POLITICAL BREVITIES.

Dayid Emig has been chosen county attorney by the commissioners of Bartholomew county.

The Board of State Charities will meet Friday to consider the applications to succeed Mr. Bicknell as secretary.

The democratic state committee has decided that the county organizations shall be perfected on or before January 8, 1898. They will elect their district committeemen January 18.

George S. Wilson was yesterday chosen Superintendent of the Institute for the Blind to succeed W. H. Glascock, resigned. Mr. Wilson has been superintendent of the Greenfield schools for seven years, succeeding Mr. Glascock then.

Mark Twain's New Story.

Mark Twain's new humorous story, which he is now writing in Vienna, is to go to the Ladies Home Journal, which magazine has also secured F. Marion Crawford's new story, a tale of the unreal, with the strikingly uncanny title of "The Dead Smile."

RAILROAD RUMBLINGS.

Elos Humphrey, of the B. & O. S. came up to the city last night from Washington.

It is expected that the B. & O. S. W. brick platform at the depot will be finished and rolled this evening.

J. H. Clough, traveling agent of the U. S. express was in the city from Vincennes today on business with C. C. Frey.

Engineer A. B. James, of the B. & O. west division, and wife moved today to Louisville and he will pull trains on the branch.

W. Ruddick and his force went this forenoon to Medora to put down two miles of crushed stone for the B. & O. S. W. about the depot there.

Consumption Positively Cured.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was nudged to try Dr. King's New Discovery and was cured by use of two bottles. For past three years has been attending to business and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for Coughs, Colds and Consumption. It don't fail. Trial bottles at W. F. Peter's drug store.

CASTORIA.

Headache and Neuralgia cured by Dr. King's PAIN KILLER. "One cent a dose."

MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McELREE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZENA LEWIS, of Greenville, Texas, says: "I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

Mr. Wamaker on Advertising.

"I never in my life used such a thing as a poster or dodger or handbill. My plan for twenty years has been to buy so much space in a newspaper and fill it up as I wanted. I would not give an advertisement in a newspaper of five hundred circulation for five thousand dodgers or posters. If I wanted to sell cheap jewelry or run a gambling scheme I might use posters, but I would not insult a decent reading public with handbills. I deal directly with the publisher. I say to him: 'How long will you let me run a column of matter through your paper for \$10.00 or \$50.00, as the case may be. I let him do the figuring, and if I think he is not trying to take more than his share I give him the copy. I lay aside the profits on a particular line of goods for advertising purposes. At first I laid aside \$3,000; last year I laid aside and spent \$40,000. I have done better this year and shall increase that sum as the profits warrant it. I owe my success to newspapers, and to them I freely give a certain profit of my yearly business.'"

How It Is Done.

A storekeeper who buys goods in large quantities for spot cash gets great reductions. We do that because we have 52 stores in Ohio, Indiana and Kentucky and we get the very best terms. That is why we make a profit selling at our low prices. This leaves no margin to cover bad debts. We have to sell for cash. It is cheaper for you, too. You don't have to pay other people's debts at our prices. Goods delivered to all parts of the city free of charge.

THE AMERICAN UNIVERSITY

Why the Annexation Treaty Is Not Being
Pushed—Members of the House
Will Hold a Civil Service Conference.
Early Holiday Recess—Other Washington
News.

WASHINGTON, Dec. 9.—The house committee on invalid pensions has taken action that is intended to correct the alleged rapidly growing abuse of young women marrying old soldiers and sailors for the purpose of becoming their widows and drawing a pension from the government. This subject has been much discussed in view of the comparatively large number of widow claimants on account of the rebellion, war of 1813 and Mexican war service of husbands. The committee authorized Chairman Ray to obtain from the committee on rules an order or rule permitting an amendment to the pension appropriation bill providing that no pension shall hereafter be granted to the widow of a soldier or other person who is married to such soldier or person after the passage of this act, excepting, however, all soldiers, sailors, officers, etc., now in or who may hereafter enter the military or naval service of the United States.

AMERICAN UNIVERSITY.

Indications of a Growing Public Interest in the Institution.
WASHINGTON, Dec. 9.—The semi-annual meeting of the trustees of the American University, was held yesterday.

The reports of the chancellor, Bishop John F. Hurst and the vice chancellor, Dr. Samuel L. Beiler, indicate a growing public interest in the progress of the university, which has now assets aggregating on a conservative basis \$1,000,000. The college of history, marble building 176 feet long, 90 feet deep and 30 feet high, will be completed in about 10 days. Among the first articles of furniture to be placed in the new structure will be a table and set of chairs owned by the property of Charles Sumner, a wardrobe that belonged to George Bancroft and the war desk of Edwin M. Stanton, all of which have recently been acquired by the university.

Why the Treaty Is Not Pushed.

WASHINGTON, Dec. 9.—It is stated by those in a position to know that the reason the Hawaiian treaty is not pushed in the senate is because the friends of the measure have grave doubts as to their ability to secure the necessary two-thirds vote to pass it. The impression prevails that it may be necessary to pass a joint resolution and annex the islands by legislation. It has been found that a number of senators who are confidently counted for the treaty are against it, while others have expressed doubts about hasty action.

For a Civil Service Conference.

WASHINGTON, Dec. 9.—A paper has been circulated in the house with a view to bringing about a conference of those members favoring a change in the present civil service system. The paper was handled by Representative Pearson of North Carolina and received numerous signatures. The purpose, it is understood, is to make the conference non-political and to extend it outside of the membership of the civil service committee, as some of the men most active in urging a revision are not on this committee.

Holiday Recess.

WASHINGTON, Dec. 9.—The indications are that the holiday recess of congress will extend from Saturday, Dec. 18 to Monday or Tuesday, Jan. 3 or 4. Speaker Reed is understood to favor these dates. It, however, any important business develops in the senate or

house the recess will probably be postponed into Christmas week. So far as the house is concerned no general legislation will be ready for consideration before the holidays and work is likely to be confined to the appropriation bills.

Short Sessions.

WASHINGTON, Dec. 9.—The session of the senate yesterday occupied less than an hour, the time being consumed in the presenting of memorials, resolutions and bills. Mr. Allen presented a resolution favoring the recognition by the United States of the independence of Cuba. The senate adjourned out of respect to the late Representative Ansley B. Wright. The house was in session about 15 minutes.

Gold in the Treasury.

WASHINGTON, Dec. 9.—The records of the treasury department show that the amount of net gold on hand is \$168,191,096, which is greater than at any time since August, 1890 when it was \$185,887,851.

Authorized to Begin Business.

WASHINGTON, Dec. 9.—The controller of the currency has authorized the Franklin (O.) National bank to begin business. Capital, \$50,000.

WORLD'S W. C. T. U.

Mrs. Josephine Butler Resigns as Superintendent of the Purity Department.
CHICAGO, Dec. 9.—Miss Frances E. Willard, as president of the World's W. C. T. U., has accepted the resignation of Mrs. Josephine Butler as superintendent of the purity department. Leaders of the movement say that "after the clear and explicit statements made in the recent resolution at Toronto, and in the president's annual address, it would be useless to endeavor to express with greater clearness the opposition of white ribbon women everywhere to any form of license involving social vice."

Indorse McKenna's Decision.

BOSTON, Dec. 9.—At the dinner of the board of directors of the Boston Merchants' association resolutions were unanimously adopted indorsing reciprocity between Canada and the United States, also expressing their judgment that "for the broad interests of the United States and Canada alike, the construction of section 23 by Attorney General McKenna should stand as the fixed law of the land."

Probably Wanted in Kentucky.

BEDFORD, O., Dec. 9.—Marshall Lee has a man under arrest who answers to the description of one who is wanted at Williamsburg, Ky., for wife murder and for whose capture a reward of \$5,000 has been offered. The prisoner first gave his name as Pat Dwyer and later as Charles L. Hendon. The authorities at Williamsburg have been notified.

Jumped From a Bridge to Death.

CHICAGO, Dec. 9.—John Schwinn, 62 years of age, committed suicide yesterday afternoon by hurling himself from the high bridge in Lincoln park to the ice 50 feet below. His act was witnessed by fully 100 people, but none were able to prevent his action. Schwinn was out of work and despondent.

Jeffersonian Democracy.

NEW YORK, Dec. 9.—On a call issued by the executive committee of Thomas Jefferson Democracy, organized by the late Henry George, a conference of the assembly district leaders took place last night. All the boroughs in Greater New York were represented. It was decided to continue the organization.

Will Reduce Wages.

FALL RIVER, Mass., Dec. 9.—The Fall River cotton manufacturers at a special meeting yesterday voted to reduce the wages of the operatives. The cut will be less than 10 per cent and will affect about 25,000. The cause of the reduction is the depressed condition of the cotton market.

Has No Right to Borrow.

MINNEAPOLIS, Dec. 9.—The board of education has decided to close the schools in Minneapolis March 1, 1898, because it has no money and no legal right to borrow.

THE FAIL OF GUIZA

Most Important Battle of the Whole
Cuban War.

GARRISON FOUGHT BRAVELY

Only Forty-Five Men, Out of Eight Hundred, Left When the Spaniards Surrendered—Work of the Deadly Dynamite Gun—The Scene a Horrible One, Says Spanish Colonel Tovar.

HAVANA, Dec. 9.—Further details of the battle of Guisa indicate that it was the most important of the war, and was a signal and complete victory for the insurgents under General Garcia. The town, which was an important one of some 8,000 inhabitants, was totally destroyed, not a house remaining intact. The garrison fought most heroically, and of the total of 845 men at the beginning of the battle, only 45 were left when the white flag of surrender was run up on the branch of a shattered tree.

All this death and destruction was wrought by the dynamite gun, which has been so terrific an engine of war in the hands of the rebels in eastern Cuba. It was planted a short distance from the town and 72 shots were fired, each of which carried death to many. The insurgents were resisted with the utmost courage, and while they made no statement of their losses, the Spanish official report states that they were very large.

Scene a Horrible One.

Colonel Tovar, in command of the relief expedition, who hastened to Guisa when the news of the disaster was received by General Blanco, reports that the scene was a horrible one, the dead, all shattered and torn, lying scattered about where they had fallen. He attacked the insurgents at Piedras Friday and reports that he dislodged Garcia from his position, though the details of the battle as sent by him leave this open to doubt.

After the fall of Guisa there was great fear at the palace here that the victorious insurgents would push on and attack Bayamo, and messages were rushed to General Pando to reach there by forced marches. He has reached Manzanillo and it is felt now that Bayamo is safe.

He reports that he has been continually attacked by the insurgents since Nov. 23, who avoided an attack in general formation preferring to make harassing sorties. He further reports that he found the insurgents to be very numerous, well armed and extremely daring, a statement which indicates that the situation is different from what he was led to believe from reading General Weyler's reports. He says further that he found the loyalists in Manzanillo in a state of panic on his arrival there, due to the news of the fall of Guisa. He will probably begin an active campaign against the forces under Garcia and Rabi. But will have to fight every step of the way to Bayamo.

Weyler Surprised.

BARCELONA, Dec. 9.—Lieutenant General Weyler, in the course of an interview here, felicitated himself on being "attacked" by President McKinley in the message, as this proves that his (Weyler's) policy was displeasing to the enemies of Spain. He expressed his "surprise that the Spanish government would tolerate such attacks upon the representative of the nation."

LAST HOPE GONE.

California Supreme Court Dismisses Durant's Appeals.

SAN FRANCISCO, Dec. 9.—Late yesterday afternoon the supreme court dispelled the last hope of W. H. T. Durant, the murderer of Blanche Lamont and Minnie Williams, by disposing in a summary manner of his two appeals. In a written opinion from the pen of Chief Justice Beatty, which is concurred in by all but one of his associates, the court affirms the judgment of Judge Bakers, in remanding the prisoner to San Quentin until the date set for his execution, but reverses the sentencing of Durant to be hanged on Nov. 11, and remands the case to the superior court with instructions to proceed according to law. As the remitter was ordered issued forthwith, and the court holds that execution can only be stayed now by the issuance of a certificate of probable cause, it only remains to resentence the condemned murderer.

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and unnerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nervine and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. THURSDAY, DECEMBER 9, 1897.

GOVERNOR TANNER has called the Illinois legislature together to pass a just apportionment act in place of the democratic gerrymander now in force.

In Johnson county some of the truancy officers have filed with the board of commissioners bills for horse and buggy hire in addition to their per diem of \$2 per day. It does not appear that the law provides for any allowance other than the \$2 for each day's services.

Now that it is settled that Miss Bradley is to break a bottle of genuine old Kentucky bourbon over the prow of the battleship, Kentucky, the controversy about it ought to stop. Who should break that bottle was a momentary question and our neighbors across the Ohio had a right to be exercised over it.

POLITICAL BRIEVITIES.

David Emig has been chosen county attorney by the commissioners of Bartholomew county.

The Board of State Charities will meet Friday to consider the applications to succeed Mr. Bicknell as secretary.

Mr. E. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was reduced to try Dr. King's New Discovery and was cured by use of two bottles. For past three years has been attending to business and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for Coughs, Colds and Consumption. It doesn't fail. Trial bottles at W. F. Peter's drug store.

Headache and Neuralgia cured by Dr. Miles' Pain Expeller. "One cent a dose."

MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McELEE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle today?

Thirty Applications For Parole Before the Prison Board of Control.

MICHIGAN CITY, Ind., Dec. 9.—The prison north board of control had 33 applications for parole before it yesterday, but only granted two. The prisoners released were Samuel Clemson, of Carroll county, convicted of incest and sentenced in 1891 to 10 years' imprisonment, the maximum penalty for which is five years. The prisoner had served six years, and the board paroled him because the court erred in excessive sentence. Charles Hunter, serving nine years for larceny, and quite ill with consumption, was also paroled. The board was inclined to grant other releases, but deferred final action until the reliability of the persons who had offered to give the prisoners employment could be ascertained.

CHILLICOTHE, O., Dec. 9.—A heroic operation has been performed upon William Conway, who, for the past month, has been completely paralyzed because of a dislocated neck. An attempt to press the vertebra back into place had proved futile, so the neck was cut open directly over the fifth cervical vertebra, and it was found to be fractured and resting upon the spinal cord. The bone was chiseled away until the spinal cord was exposed and all pressure removed. The incision was then closed and Conway rallied nicely. It is believed that he will now recover completely. The case is one of the most remarkable in local surgical annals.

Mr. Wasmaker on Advertising.

"I never in my life used such a thing as a poster or dodger or handbill. My plan for twenty years has been to buy so much space in a newspaper and fill it up as I wanted. I would not give an advertisement in a newspaper of five hundred circulation for five thousand dodgers or posters. If I wanted to sell cheap jewelry or run a gambling scheme I might use posters, but I would not insult a decent reading public with handbills. I deal directly with the publisher. I say to him: 'How long will you let me run a column of matter through your paper for \$100 or \$500, as the case may be. I let him do the figuring, and if I think he is not trying to take more than his share I give him the copy. I lay aside the profits on a particular line of goods for advertising purposes. At first I laid aside \$3,000; last year I laid aside and spent \$40,000. I have done better this year and shall increase that sum as the profits warrant it. I owe my success to newspapers, and to them I freely give a certain profit of my yearly business.'"
